About Us

The company was founded in 1989 with the name, Laxmi Food Products, at Anand under the brand name REAL BITES. The intention was to provide the people of Kheda District quality namkeens, wafers, and bakery products with ultimate taste and freshness.

Known as Laxmi Snacks Pvt. Ltd. today, the company has experienced a rapid growth over the last decade, thus, becoming one of the leading snacks producers in Gujarat. To meet the requirements, a fully automatic plant was set up at Nadiad in 2008. Apart from using the best in class technology, the company also uses the finest ingredients like the best quality potatoes and high grade spices which enhance the flavour and make the snacks healthier.

It has quickly built a reputation for manufacturing quality snacks at competitive prices. The company boasts of an impressive portfolio which includes various categories like Namkeen, Farali Products, Wafers and Extruded Products. Through its innovative and daring approach to product development, REAL BITES has not only carved a niche for itself in the regional market but has also established its presence in the neighbouring states and some of the international markets as well with a wider range of products.

With thousands of retail counters across Gujarat and a network of more than 400 distributors, REAL BITES promises to work towards maintaining the original flavour of traditional Indian snacks with its primary focus on quality, hygiene, and affordability.
